

Advanced Energy Management Ltd.

*Putting our **energy** into saving yours*

Become a part of an innovative and committed team focused on lowering greenhouse gas emissions in commercial buildings. The AEM group of companies has dedicated two decades to the reduction of greenhouse gas emissions and our industry is currently witnessing exciting innovations as we strive to decrease these emissions. With a commitment to continuous growth, our business operates in three provinces: Nova Scotia, New Brunswick, and Ontario.

We are actively seeking a **Journeyman Electrician** with expertise in the HVAC and/or building automation systems (BAS) industry to join our team in the Fredericton, New Brunswick area. If you're looking to be a part of a company that genuinely prioritizes its people and is dedicated to environmental responsibility, we are eager to connect with you. Please reach out to us if you are interested in meeting and discussing this opportunity further.

The AEM group of companies has approximately 100 employees and treat our employees very well. We work with our employees to create a good work-life balance, and reward people for their efforts. We value our team, we support technical developments, and we pay above-industry standard. Our employees enjoy coming to work and many of our employees have been with us for over 25 years.

If you are interested in the Installation Technician position, please send your resume to careers@aemltd.com. To learn more about us, check out our website at www.aemltd.com.
